Bachelor's Degree in Christian Counseling

Program Description

The Christian Counseling program is a comprehensive academic program designed to prepare students to provide spiritually grounded, ethically sound, and emotionally informed counseling support in faith-based and community settings. Integrating biblical truth with principles of psychology and pastoral care, the program equips participants to guide individuals, couples, and families through emotional challenges, spiritual crises, and life transitions with compassion, wisdom, and Christian sensitivity. The training combines theory, practice, and spiritual reflection to develop counselors capable of serving with excellence and responsibility.

Program Objective

The Christian Counseling program aims to equip students with the theological, psychological, and pastoral foundations necessary to offer compassionate, biblically grounded, and ethically responsible counseling in church, community, and ministry settings. The program prepares students to accompany individuals and families through spiritual formation, emotional healing, and life transitions, from a holistic Christian worldview.
