Certificate in Theology and Bible Studies

Program Description

The Theology and Biblical Studies program provides students with a solid foundation in biblical interpretation, theological reflection, and ministry leadership. Grounded in a holistic approach that integrates academic excellence with spiritual formation, this program prepares students for effective service in local churches, faith-based organizations, and cross-cultural ministry contexts. Through a bilingual curriculum and culturally relevant courses, including biblical interpretation, Hispanic theology, Christian ethics, and missional leadership, students will develop the knowledge, character, and practical skills necessary to lead with integrity, compassion, and doctrinal clarity.

Program Objective

To equip students with a deep and broad understanding of Scripture, Christian doctrine, and theological reflection, grounded in the spiritual, cultural, and pastoral realities of the communities they serve. The program is designed to prepare students for effective leadership in church settings, nonprofit organizations, and cross-cultural ministries, fostering biblical literacy, critical theological thinking, and practical application. Both academic rigor and spiritual formation are emphasized, offering courses in areas such as biblical interpretation, Hispanic theology, Christian ethics, and missional leadership.
